VIPRE SITE MANAGER FOR ENDPOINT SECURITY

Cloud

MANAGE MORE CLIENTS, MORE EFFICIENTLY

VIPRE Site Manager provides Resellers and MSPs a full-featured endpoint security solution with a centralised multi-tenant management portal for visibility across an entire client-base. Site Manager protects at the file, application and network layer, combining multiple layers of security with network- and application-agnostic DNS protection at no additional cost.

Increase Efficiencies and Reduce Overhead Cost

Client level reporting helps deliver greater value to your customers. Save time and reduce impact on resources with automated processes and malware determinations. Stay organised with simple billing and provider usage reports. Demonstrate service value by delivering regular threat report summaries to clients.

VIPRE Site Manager Partner Testimonials

I like that VIPRE Site Manager doesn't make a lot of unnecessary noise. It's straight forward and alerts me when I need it. The site manager makes it easy to separate out my customers which makes administration easier and quicker."

Chuck Flagg

President and CEO Orion Technologies

VIPRE Site Manager is easy to use and doesn't require a lot of technical training to get up and running. The UI is clean and the ability to drill down and quarantine on my mobile is amazing."
